All  
questions should be compulsorily attempted.

Good  
college

Goid

Improve  
more

Insufficient  
laboratory equipment

Fair

Every thing  
was excellent

It's  
good

Good

Everything  
is good.

Ntg

Good

Better  
to improve sports facility

Im  
UG so..we currently have all subjects

ok

no weakness  
in the collage

Very  
good

I'm  
a poor student it's some what difficult to me to understand this all subjects  
but I will try my level best to achieve it

Had  
to conduct games

More  
acadamically based

Everything  
is perfect

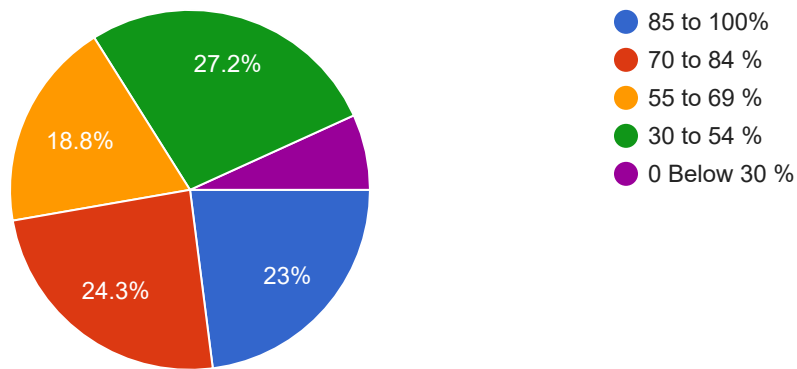

Lab equipment is problematic.

## Criterion II – Teaching–Learning and Evaluation Student Satisfaction Survey on Teaching Learning Process

### 1. How much of the syllabus was covered in the class?

383 responses

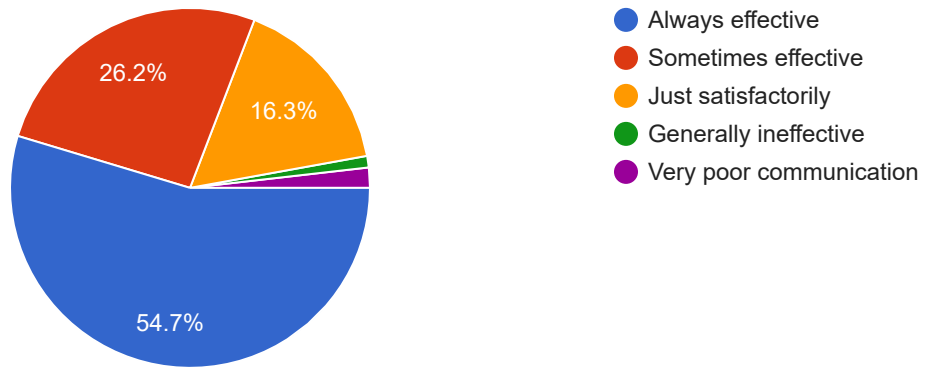

### 2. How well did the teachers prepare for the classes?

386 responses

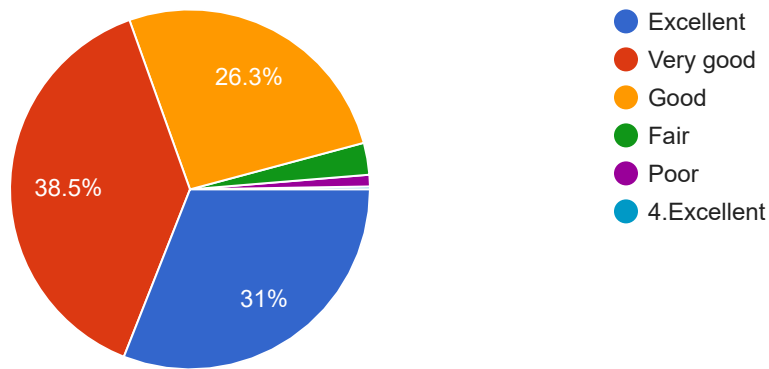

### 3. How well were the teachers able to communicate?

386 responses

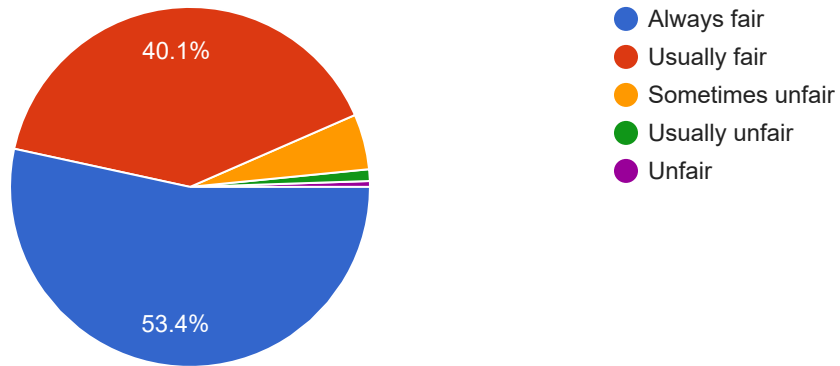

### 4. The teacher's approach to teaching can best be described as

384 responses

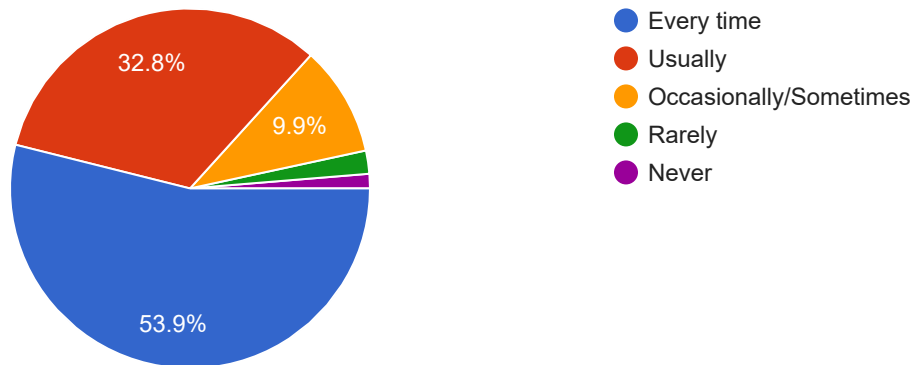

## 5. Fairness of the internal evaluation process by the teachers.

382 responses

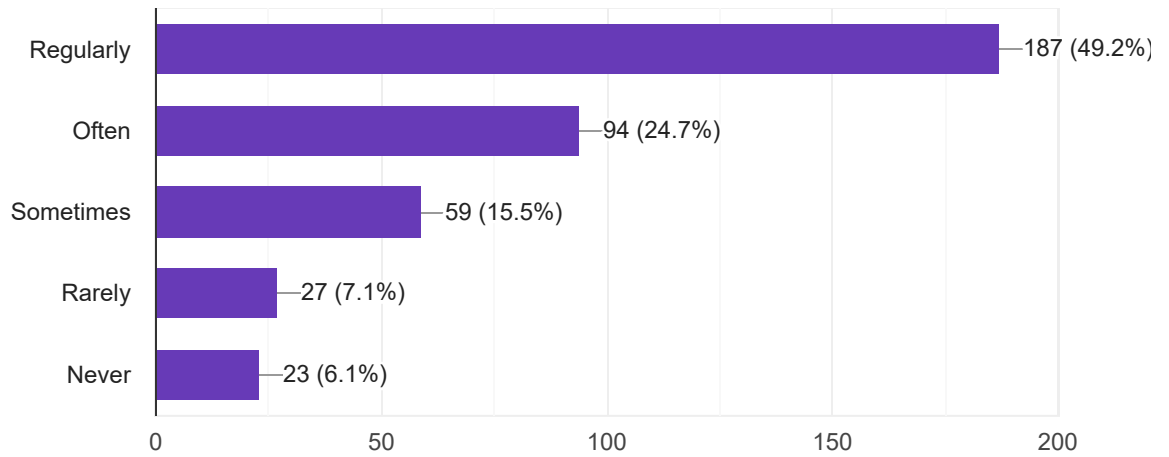

## 6. Was your performance in assignments discussed with you?

384 responses

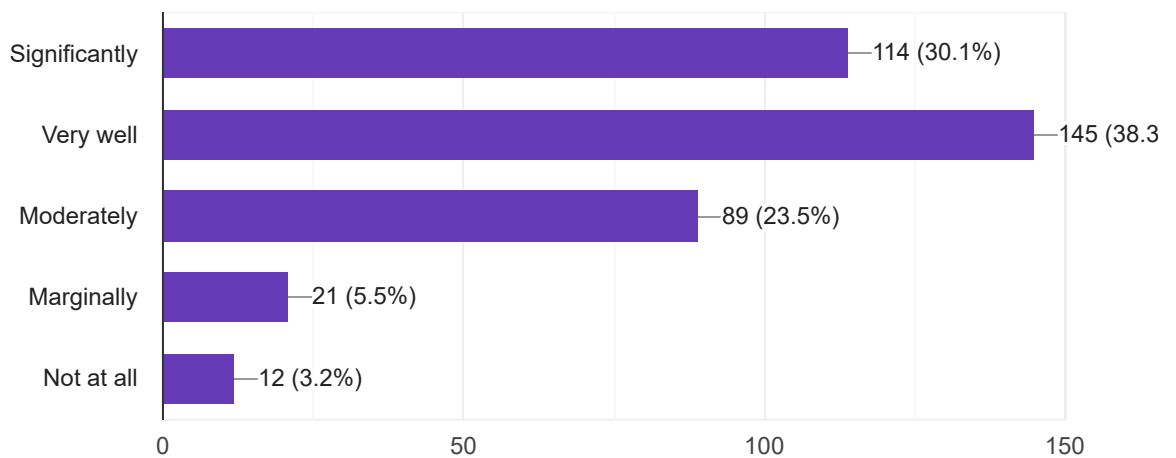

## 7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

380 responses

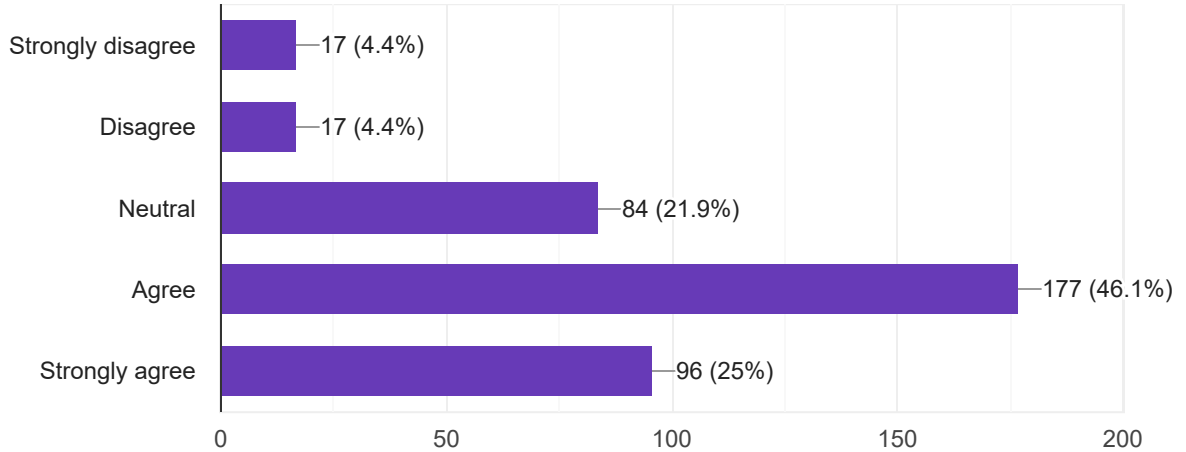

## 8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

379 responses

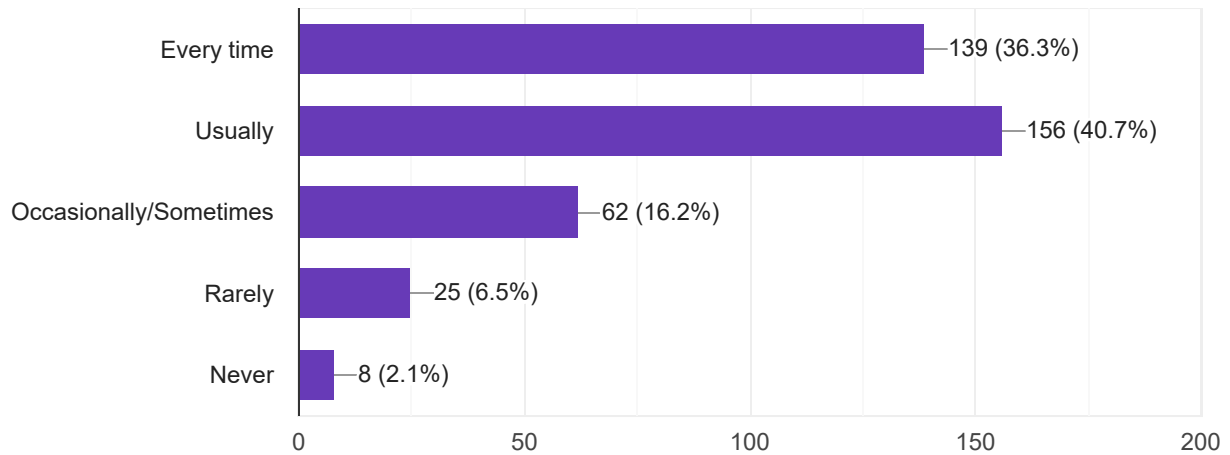

## 9. The institution provides multiple opportunities to learn and grow.

384 responses

## 10. Teachers inform you about your expected competencies, course outcomes and programme outcomes.

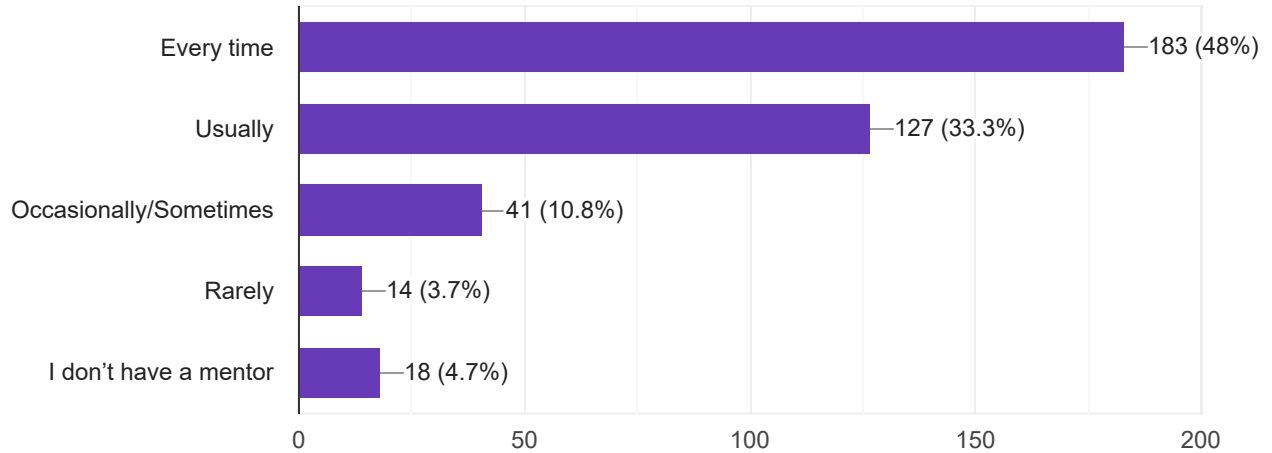

383 responses

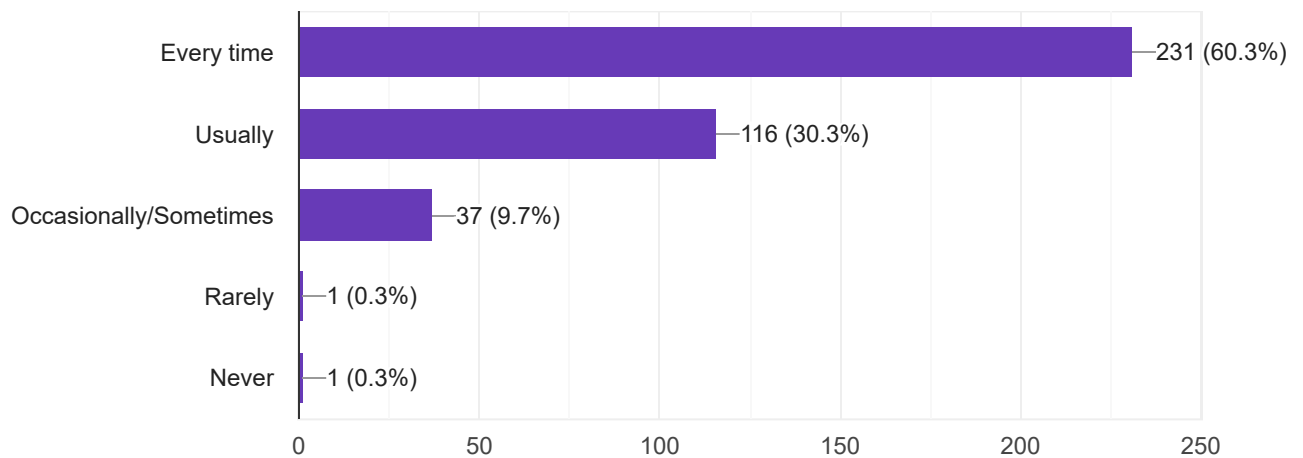

## 11. Your mentor does a necessary follow-up with an assigned task to you.

381 responses

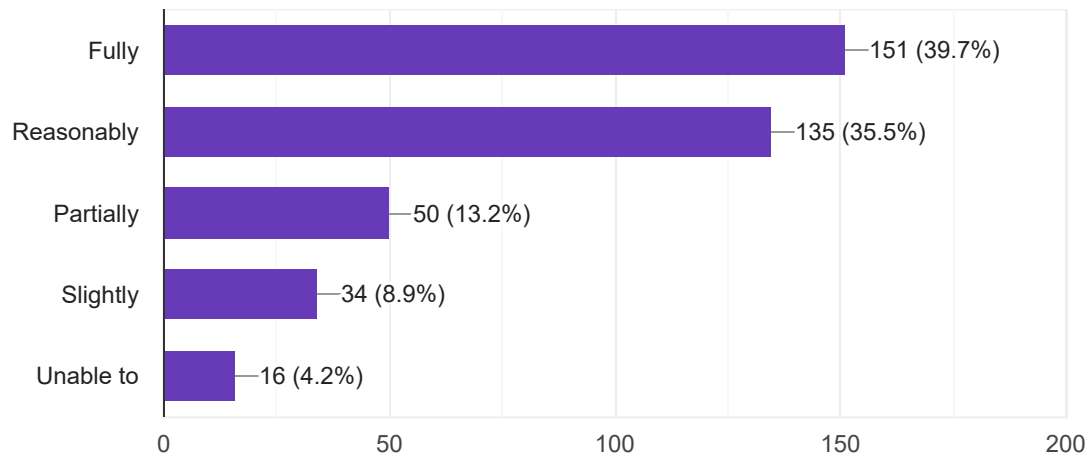

## 12. The teachers illustrate the concepts through examples and applications.

383 responses

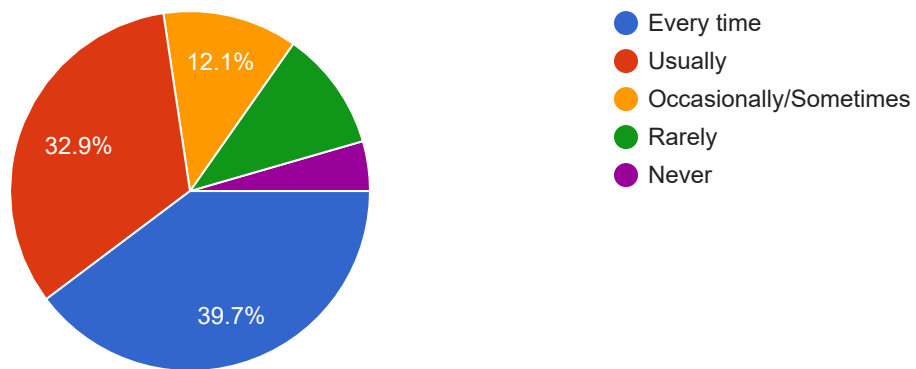

### 13. The teachers identify your strengths and encourage you with providing right level of challenges

380 responses

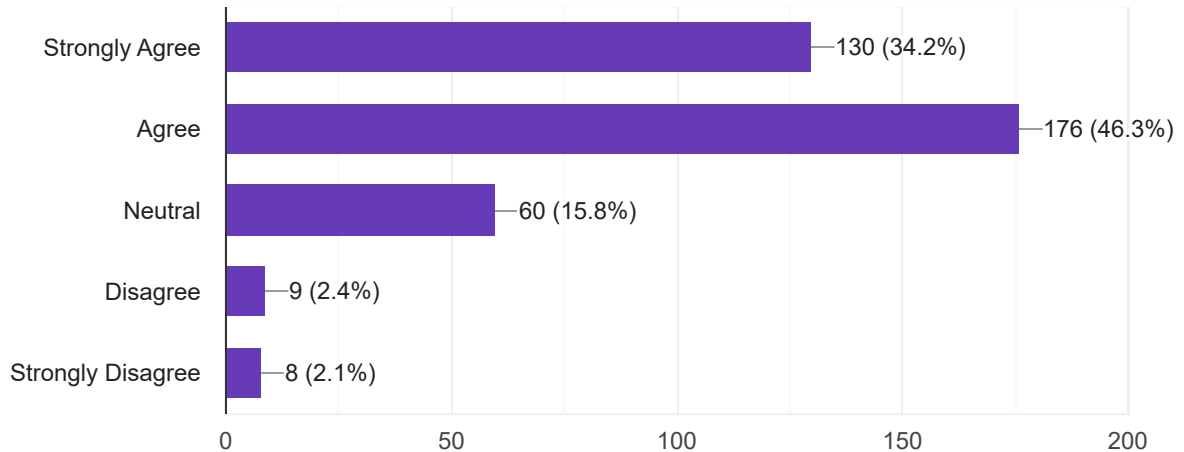

### 14. Teachers are able to identify your weaknesses and help you to overcome them.

380 responses

15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

380 responses

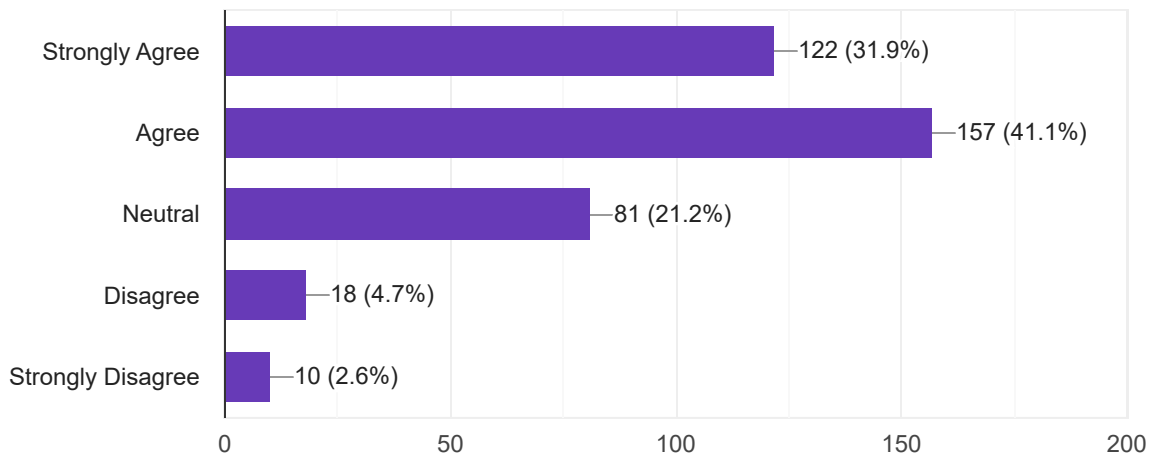

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

379 responses

### 17. Teachers encourage you to participate in extracurricular activities.

382 responses

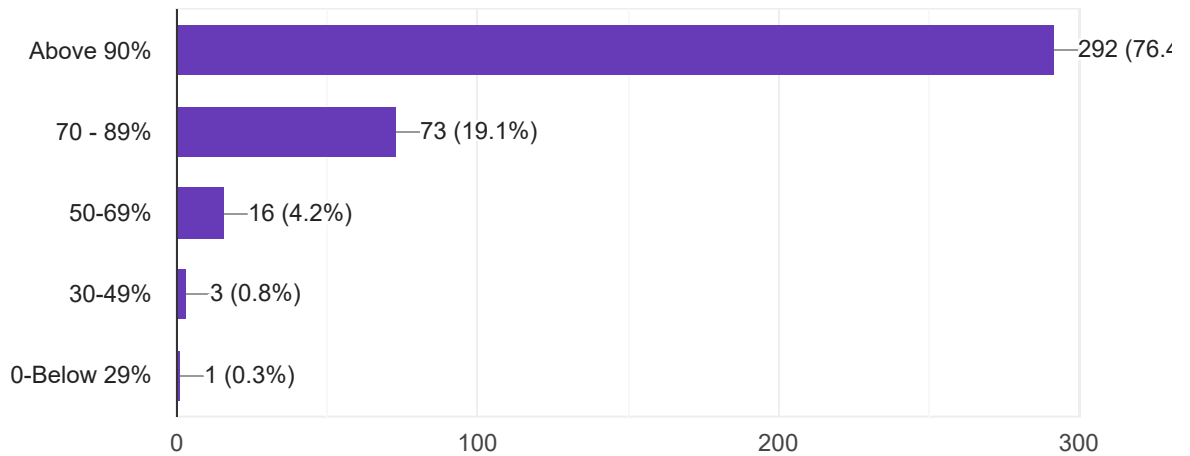

### 18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

382 responses

### 19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

382 responses

### 20. The overall quality of teaching-learning process in your institute is very good.

382 responses

## 21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

133 responses

Good

No  
comments

No  
suggestions

Good  
quality of teaching

Friendly  
teaching, self care, without any pressure

Teachers  
should also discuss about competitive exams

No  
suggestions required

Improve  
the equipment

To  
teach slowly. To give notes for important topics and lessons. To give chance of giving seminars to students. To revise previous class topics.

Improve  
library

To  
know the weakness of student and improve their strength. To improve teaching skills Explain topics with understandable examples.

Teach  
as much

1. initiate  
more student exchange programmes to have knowledge about other colleges

No  
suggestions

Make  
more lab works Teaching of life skills employability skills for our future work  
Teachers should communicate about outcomes after graduation with students

1. To  
increase dept timings 2. Increase the equipment in every dept. to meet the need  
of patient as we have a lot of op every day

Make  
more lab works Teaching of life skills and employability skills Teacher should  
communicate with students about outcomes after graduation

1.  
Interaction between teachers & students. 2. Improve the equipment quality of  
every department.

Department  
equipment should be a little more bcoz patients (op ) is more

Fee  
particular s

1.  
Free wifi 2. Regular ppt uploads corresponding to the class taking place 3. pop  
up quiz apps to refresh our knowledge about our subjects

Fee  
and faculty

Need  
excursions....

student  
participation in learning should be active with teachers teachers and students  
bonding should be friendly so that active and easy learning will be smooth by  
their support

satisfied  
well and improve learning and teaching.

Improve  
more

1.

The amount syllabus covered in a single day is so huge in anatomy. 2. DADH carving we need more tutoring than teaching.

To

give outer knowledge about subject

Every

aspect is good...

1.e-learning

programme 2.conducting workshops 3.we need campaigns

Teaching

very good

Better

interaction with the students

More

student interactions needed

There's

nothing to suggest for the institution it's been years since it was established so I can't judge as it was my first year in the institute and the teachers know how to make us understand the subject

Should

cover the whole syllabus and they should teach in a way student can understand

OVERALL.....it

is very good

It

might be better

teaching

good

Improve

the interaction between students and teacher

Showing

animated videos and diagrams for proper understanding of every student

Work shops

Campaigns

There

is no suggestion regarding our staff teaching because they are excellent in the way they teach to us

They  
must be friendly to students approachable concern

Teaching  
was good

Eco  
friendly campus must be needed

Must  
be eco friendly student friendly

Communication  
with students as possible as they can

Teaching  
is good

1)  
Not only teaching the subject but also with the involvement of daily aspects. 2)  
Teaching very fast is slightly unacceptable.

1)  
understanding of student's issues with individual attention 2) more  
communication 3) none

according  
to my observation my institute is pretty good all the teaching - learning  
experiences are well... happy to be lenoraian

Just  
need economical growth & some interactions with other colleges

Still it can  
be more productive and the point to be concerned is that the subject is going  
into the head of the student or not and not the completion of the  
syllabus

Increase  
work shops and camps for every year students.

Teachings  
with examples

Please  
don't criticize when a student makes an effort to ask a doubt.

Communication  
with students

Please  
provide dental materials in departments..as we the students can't afford huge  
amounts .. though we are paying fee for those particular things....

Experimental  
teaching

Very  
nice institution.and encourages the students always.and very supportive in any  
matter

Encourage  
students to participate in sports.

I  
need every lesson in a class notes like

Every  
thing is well going in my college. Not needed any suggestions

Teachers  
should never forget that they have to teach not only subjects but also be in  
morals.and also along with text books teacher must study the students  
too.because teacher plays important role in students life.in India teachers are  
role models and other side of coin teachers are equally one of the reasons to  
spoil students life..

Good  
at teaching

Teachers  
encouragement to participate us in extracurricular activities should be improved

Communication  
Space Good reallion with students

Everything  
is good No suggestions

Interactive  
teaching

Ntg

I request  
that all the dental chairs should work at practice in conservative department..  
Needed much strength to get well in owork

Tell  
clearly

Teach  
is some more effective way

Better  
food Out door games

Outdoor  
games

Excellent  
teaching and learning experience in this institute

To  
make us Explore(Seminar) To give us Group project's often

super

Better to  
conduct more camp visits to villages which expose students more to patients.  
Better to explain about outcomes after the graduation. Conduct more workshops  
for undergraduate students.

It's  
not just looking in LCD and reading those lines again...we need a clear cut  
explanation of topic.. and we also want our lectures to go a bit slower during  
teaching hours because as we are new to the terminology and all.. we couldn't  
catch the speed...

yes

No  
games

All  
good. no suggestions

Extra  
activities like sport events for girls. Creative teaching ideas

the teachers  
and the management should encourage each and every student without any  
partiality among the students

Should  
improve the quality of education by standard books in library Teachers Should  
inculcate with every student. Should not show any partiality regarding the  
internal assessment marks by the institution .. Have to change so much in this  
institution.

Must  
be a introductory class for every topic

Should  
be more interactive Participation in sports should be encouraged by giving  
proper equipment and play ground

Improve  
extra curricular activities.

We  
need much more interaction with teachers as some of us are hesitant and feared  
to approach them in sort of any weakness in learning the skills.

It's  
Good.

institute  
is good

Excellent  
teaching

Everything  
is good!

Provide  
better lab instruments

More  
care on students

Extremely  
good learning experience

All  
are fine

No  
suggestion

Required  
more time for writing assignments

**OTHER**
