Minutes of Parent-Teacher Meeting for III & IV BDS students

- On 11-05-21, from 6.00pm to 6.40pm, Lenora Dental College, Rajanagaram held an online Parent Teacher Meeting for III& IV BDS students and their parents on the virtual platform utilising Microsoft Teams.
- The meeting was attended by 14 faculty members and 164 students, as well as their parents. The faculty and parents' lists are enclosed.
- Dr. Krishnaveni, a faculty member from the Department of Oral Medicine and Radiology, welcomed all of the parents and explained the purpose of the meeting, which was to learn about the students' and their families' health status during the COVID-19 pandemic and to review online academic activities. She introduced Dr. Vishwa Prakash Shetty, Principal, Dr. V. Dal Singh, Vice Principal, and the third and final year BDS teaching faculty to parents.
- Dr. V. Dal Singh, Vice-Principal, opened the virtual meeting by wishing all parents and family members good health. With the second wave of the COVID-19 epidemic reaching its apex, he urged everyone to be safe and follow the government's health advise. He stated that the majority of the students had been vaccinated and are therefore safe. He complimented the parents for allowing their children to easily adjust to the unusual learning approach. Only 2 hours of online academic activities are now being done due to network challenges and the students' and their families' physical and psychological health. He advised parents to inform him of any health, educational, or psychological concerns about their children.
- Parents of Satya Sri III BDS expressed their satisfaction with the online academic activities, but expressed concern about the students' practical experience. Dr. V. Dal Singh responded that they are pleased that parents are beginning to recognise the value of clinical exposure in dentistry, and that they are waiting for the conditions to improve so that their ward can obtain good clinical exposure in the last year and internship. In terms of practical exposure for third-year subjects, oral pathology staff provide histology slides online and discuss them with the students.

- Parents of Sowmya IV BDS praised the college's decision to hold a Parent-Teacher Meeting in the midst of the pandemic, demonstrating concern for the students' and their families' health. He inquired about the likely scheduling of the University tests, to which Dr V. Dal Singh responded that, given the identical situation encountered by students last academic year and the progress of the COVID-19 pandemic, the exams will most likely take place in November. The parent also requested that the number of students in hostel rooms be reduced since if one person becomes ill, the number of others who become infected increases, and this pandemic crisis is not going to end with this wave, as it appears. The parent also requested that the number of students in hostel rooms be reduced because if one person becomes infected, the number of people who become infected increases, and because the pandemic situation is not going to end with this wave and appears to be continuing for a few more years, hostel accommodations should be planned with these considerations in mind for the health and safety of hostel inmates. Dr. V. Dal Singh expressed gratitude for the parent's offer and stated that they would discuss the topic with the appropriate authorities after reviewing the available facilities and options.
- Other parents praised the professors for taking such personal precautions throughout the outbreak.
- Dr. Vishwa Prakash Shetty thanked all of the parents for attending the parent-teacher meeting despite the difficult circumstances and for their excellent comments, which will be taken into consideration after discussion with the appropriate authorities. He urged everyone to stay at home and be safe.
- The Parent-Teacher Meeting came to the conclusion that the student's progress and development are dependent on parents and teachers working together.
